SENATOR CHAMBERS: Mr. President and members of the Legislature. The specific amendment that I offered was to the striking of the language on page 3, which would make any person a candidate who so declares himself to be one with an intention to file. That's not all I'll do, after that language is stricken then I'll return the bill to insert new language, which will state that any person who holds himself or herself out as a candidate for elective office and receives contributions on that basis will be required to file all financial reports as though he or she were a candidate. So if you strike this new language as I'm asking you to do, there will be language inserted in it's place to accomplish the same thing without muddying the waters. So I'm asking you to adopt this amendment which would be to strike the new language.

PRESIDENT: Is there any further discussion now of Senator Chamber's motion. We are discussing 877 which is on Select File. Senator Chambers has a specific amendment and that is to strike certain language as I understand it on page 3. The question is do you want to adopt the amendment. If so, vote aye, if not vote no. If I may have your attention you are voting on the specific amendment to 877 on Select File as offered by Senator Chambers. The motion is to adopt the specific amendment on select file as explained by Senator Chambers. Have you all voted. Clerk will record. O.K. the amendment is adopted. Now Senator Chambers.

SENATOR CHAMBERS: I move to readvance the bill.

PRESIDENT: The motion is to readvance 877 as amended. All those in favor of the readvancement please say aye. Opposed. Senator Carpenter, for what purpose do you rise.

SENATOR CARPENTER: Is this the bill we moved back to General.. Select File to be as in General File.

PRESIDENT: 877, yes Sir. Once again the question is, shall 877 as amended by readvanced. All those in favor of the readvancement of the bill, please say aye. Those opposed say no. So ordered. The bill is readvanced. Now...

CLERK: Now, Mr. President there is a motion to return LB877 to
